PROFESSIONAL SUMMARY

Hi, I'm Mehedi Hasan Emon   a MERN stack developer with a passion for building clean, modern web applications. I'm a BSc in Computer Science and Engineering graduate from City University, where I built a strong foundation in software development, algorithms, and system design. My programming journey began on Programming Hero, where I took my first steps learning coding. I enjoy working on projects that challenge me creatively and technically. Outside of programming, I love traveling and exploring new things, which sparks fresh ideas for my projects. I approach challenges with curiosity, creativity, and persistence.

EDUCATION

Bachelor of Science in Computer Science and Engineering

City University   Graduate

Comprehensive study in software development, algorithms, data structures, system design, and computer science fundamentals. Built strong analytical and problem-solving skills that form the foundation of my development approach.

KEY STATISTICS

3+   **20+**   **100%**

YEARS EXPERIENCE   PROJECTS COMPLETED   CLIENT SATISFACTION

TECHNICAL SKILLS

Frontend Development

, React.js & React Hooks
, JavaScript (ES6+)
, TypeScript
, HTML5 & CSS3
, Tailwind CSS

Backend Development

, Node.js
, Express.js
, REST APIs
, JWT Authentication
, Clean Architecture

Database & Tools

, MongoDB & Mongoose
, Git & GitHub
, Vite & Webpack
, npm/yarn
, SEO Optimization

FEATURED PROJECTS

Blood Donation Platform

Real-time platform connecting donors with patients. Features geolocation matching, appointment scheduling, and emergency alerts with Socket.io integration.

React   Node.js   MongoDB   Socket.io
